**WELCOME TO THE NEW SEASON!**

Welcome back to all our 'old' members renewing once more - and to all the new families who are joining our club... we hope our reputation as the friendliest and all-inclusive club has preceded us, and trust you will feel at home in our surroundings, whether you have young children who are here as 'Dolphin' members, or older ones who wish to expand their swimming abilities, improve their strokes, or simply enjoy the company of like-minded kids and develop a social camaraderie, with a small helping of friendly competition!

This month sees a little bit of a fragmented start, with our first 'introductory' Club Night falling this Friday 7th, while the following Friday (14<sup>th</sup>) is taken up as part of the season's first long course carnival over two days, at Marlin Coast. We are back again with our second Club Night on the 21<sup>st</sup>, which is then directly followed by the school holidays for the last week of September and first week of October. Additionally, two more swimming carnivals occur over this holiday period - Central Cairns' in the first weekend, and then at TAS over the second weekend, in October.

We have a charge of a modest \$5 per family when attending each club night to offset running costs; please visit the table on entry to pay. More detailed information about the operation of club nights, and nominating for local swimming carnivals can be found in our Handbook, which will be issued to all members imminently.

In this first newsletter, we would like to introduce you to the members of the committee - as shown in these photos, so that you can get familiarised with who we are and recognise us around the pool... we aim to be approachable(!) and hope we can all assist in making this season with us as enjoyable as possible.

Please note:- as you may notice we have a vacancy within our committee still - Fundraising Coordinator... so if anyone is interested in this position we would very much welcome them, and give them guidance and assistance in this role.

Over the years we have refined our publicity methods and try to give our members good 'value-for-money' with resources; as well as informing with these 1-page newsletters, we publish results from every carnival our members attend, together with photos of the kids.

You would be aware of our Media policy which we asked that you signed when signing on with the club, giving us permission to include your child/ren in this activity... this all goes towards the positive publicity of our club both internally, and within the wider community where applicable. We do keep to modest standards; galleries of selected club night photos get posted on our website and to Flickr.

**Stingrays'  
Dates for your Diary**
