Season 2021-22 Third Long Course Carnival

Kai improved three of her five events' times

Mark Molford - improved in all his five events

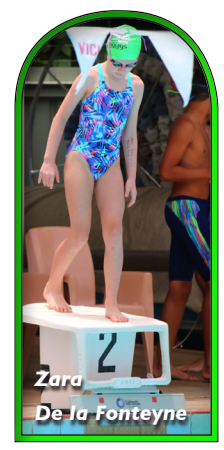

Justin, who improved in all of his four events

Mareeba's Transition Meet is always a great family-oriented carnival and a chance for the younger swimmers to gain some carnival experience. We had a good representation of younger ones, including new members this season; it was the first experiences for Travis Greenwood and Zara De la Fonteyne. Boys were seriously outnumbered by the girls on this occasion, 6, to 21.

In terms of achievements it is great to see the Placements headed by 8 year-old Isabelle, displacing some of the usual older swimmers in the ranking – when results are multi-aged it makes for a level playing field between ages, only dependent on how many individuals of each age you have to compete with.

The 'real' indicator of achievement is through your own individual improvement, by bettering your previous times and achieving 'p.b's' – those featured here performed well in this area, with brothers Mark and Justin both improving in all their events; good outcomes were also achieved by Emily, Ivy and Kai, even though the girls' overall improvement (as per chart, right) is a lot lower than the boys' – the boys were having a more productive day on this occasion.

Ivy achieved p.b's in four of her six events

Emily improved two of her three times – as swimmers become more elite it becomes harder to shave smaller increments of time.
