END OF YEAR PRIZEGIVING SOUVENIR EDITION

Medals and trophies time again...

2016-17 season ends officially with our Presentations. Even though the club technically continues through the "off-season" months to suit our long-term members, we recognise everyone's achievements each year, and reward based on technical improvement, attendance, competition results, and even behaviour through our various categories.

This season we had an overwhelming number of 'Excellence' awards achieved by our mature members, many of whom were achieving State-level standard and were attending one or two State Meets.

We also had a large number in our Participation level award, made up of many new members this year. We hope these "newbies" enjoyed their time with the club and that they will want to continue for further seasons; swimming is a sport that benefits from continual effort, and we have definitely seen some successes in all the kids' achievements this year - well done to all!

Barrabadeen

Our combined break-up party, AGM and Awards Presentation ceremony was again held over the long May weekend at Barrabadeen camp at Lake Tinaroo.

The next season's committee was elected at the AGM (left), followed by the medals, trophies and awards presentation - results are to be found in the following pages.

This is proving to be a successful 'end-of-season' chance for 'R'n'R, with family camping, water-based activities, mini triathlon and other recreational activities laid on for the kids; with our famous communal 'Stingrays Salad Bar' and BBQ chefs, we keep everyone fed and happy. The last night ends around the campfire, usually with some impromptu karaoke!
